RESPONSE TO RESTRICTION REQUIREMENT

Dear Sir:

In response to the Restriction Requirement dated December 20, 2005, Applicants elect **Group I (Claims 1-6)** for prosecution on the merits. Applicants disagree with the basis of the Restriction; however, without admitting the propriety of the Restriction, and in the interest of furthering prosecution in a timely manner, applicants have elected Group I.

The Restriction Requirement also included a requirement for further restriction within all groups. That requirement states that Applicants must elect a single protein encoded by a gene presented in Table 1B for prosecution on the merits. Applicants again disagree with the basis for this Restriction; however, without admitting the propriety of the Restriction, applicants hereby elect inositol-1,4 5-triphosphate 3-kinase (ITPKC; Accession No. Y11999) for prosecution on the merits.

Serial No.: 10/781,581

This Response is being filed within 1 month from the Restriction Requirement mailed December 20, 2005, and no fee is believed to be due. However, should any fees be required to ensure consideration of this response, the Commissioner is authorized to charge Deposit Account 16-0085, Reference No. 208912/2015.

Respectfully submitted,
